

BIO 4A3 : 26 Sep 2025

parasites:

- tip the competitive balance?
- change the flow of energy (ecosystems)
- ecosystem engineers
 - ↳ PHYSICAL properties
- cascades.

INTERACTIONS.

Indirect interactions

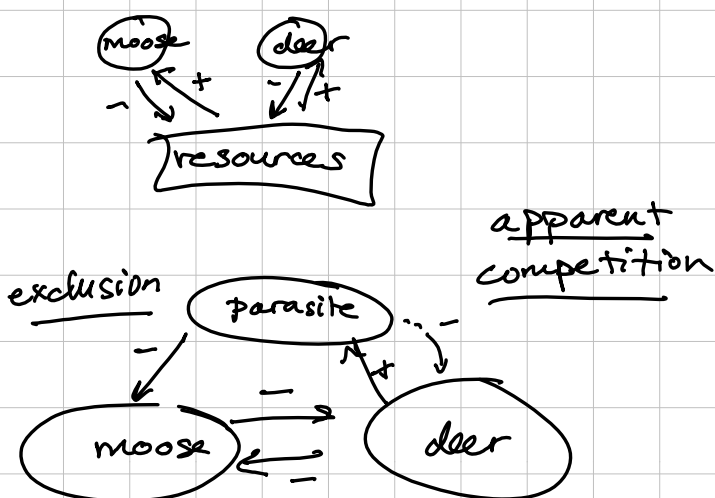

- density-mediated.
- trait-mediated.

deer, moose, brain worm

Paraphyststrongylus tenuis

DEER-MOOSE interaction

parasite-mediated coexistence

- experimental - outcompetes
- D. melanogaster, simulans
- parasitoid wasp - L. boulandi.
- flour beetles (1948)
